_____ As a member, I am urged to attend meetings and participate in ACC activities. I shall conduct myself according to the stated goals and mission of the Coalition. I am encouraged to submit articles to any newsletter to be published by the ACC; however, I understand that the ACC Board of Directors shall appoint official spokespersons as needed for the organization and I shall not make any official position statement for the Coalition whatsoever without Board approval. _____ I do not want to subscribe to the ACC E-Mail Discussion List. (*This list is used to distribute important Legislative Alerts and timely information to our membership. It also provides a venue for our members to post important information and share views. If not checked, your organization will be automatically added to the list.*)

If your organization is an AKC Club, does it currently have an AKC Legislative Liaison? _____

The ACC wants to be sure that your organization's members receive all the information at their disposal. For this reason, we ask that all clubs pick one primary Delegate and two Alternate Delegates to receive e-mail from the ACC. This will assure that someone is always receiving information sent and can forward it on to your members. (Organizations will continue to have only one vote.) Timely distribution of ACC information becomes particularly important during each legislative session, as we will be notifying members of bill alerts and actions to be taken as necessary. If there are changes to your club's contact information, please let us know as quickly as possible so that we can update our files. Thanks for your cooperation.
